

# INVITATION

## **International Exhibition: Leather, Tannery, Auxiliary Materials and Accessories Machines, Technologies for the Production and Processing of Leather Products 15-18 November 2023, Istanbul, Turkey**

**Target Expos** has the honor and pleasure to invite you to:

The International exhibition for leather, auxiliary materials and accessories, machinery and technology for the production and processing of leather goods - at the largest Expo Center - **IFM (Istanbul Fuar Merkezi)** in **Istanbul, Turkey, on 15-18 November 2023.**

This unique event, which has been held **for over 30 years in the leather goods capital of Eurasia - Istanbul**, will allow you to create new business collaborations with renowned companies in the industry.

At the Exhibition you will find the latest trends presented by over 300 leading manufacturers in various categories, located on over 40,000 m2 of fairground space, such as:

- Genuine leather
- Eva skins
- Textile, lace, threads and shoe laces
- Hyde and Tannery products
- Chemicals and adhesives for the leather industry
- Soles, insoles and heels for the footwear industry
- Accessories made of metal, plastic
- Genuine leather products
- Artificial leather products
- Production technologies and machines
- Quality control systems

The international exhibition for leather, tannery, auxiliary materials and accessories, machines, technologies for the production and processing of leather items provides an opportunity to exchange experience with all colleagues in the industry, such as: manufacturers of leather apparel, shoes and accessories, importers and wholesalers of materials for the leather and shoe industry, fashion designers of shoes, bags, leather clothing and accessories.

All exhibitors are traditionally export-oriented with international buyers from all over the world, with the main partnerships being from countries in the EU, CIS, Balkans, Middle East, Gulf region and Africa. Where else but in Istanbul will you 'set your watch' with the latest fashion trends in the leather industry, Istanbul - the only city in the world located on 2 continents - where East meets West.
